VIVA COLLECTION

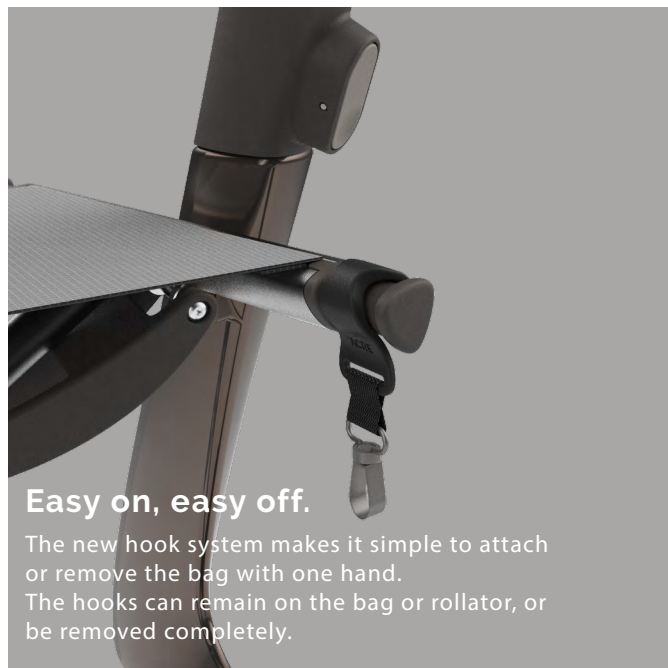

Love it first. Attach it later.

VIVA is a collection of everyday bags designed to become a favorite bag, while carrying what matters and moving easily between everyday life and the rollator.

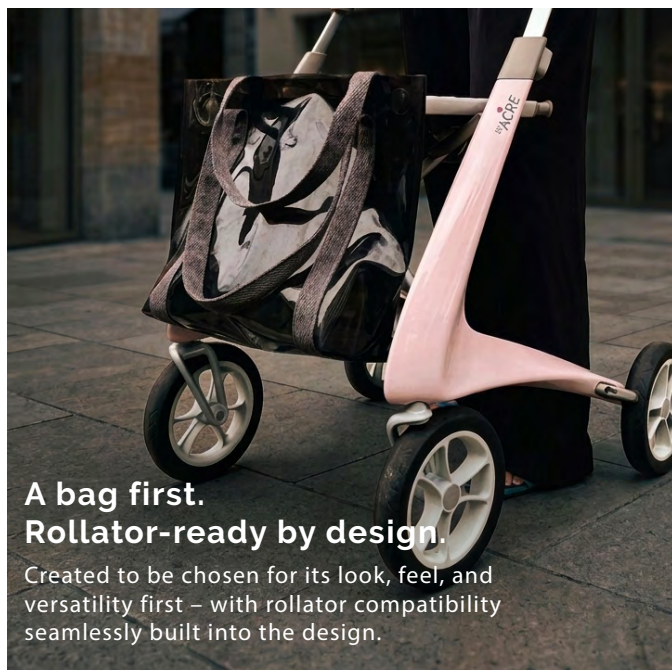

A bag should be chosen because it feels right.
The fact that they fit a rollator is simply part of the design.

DETAILS THAT MAKE IT VIVA

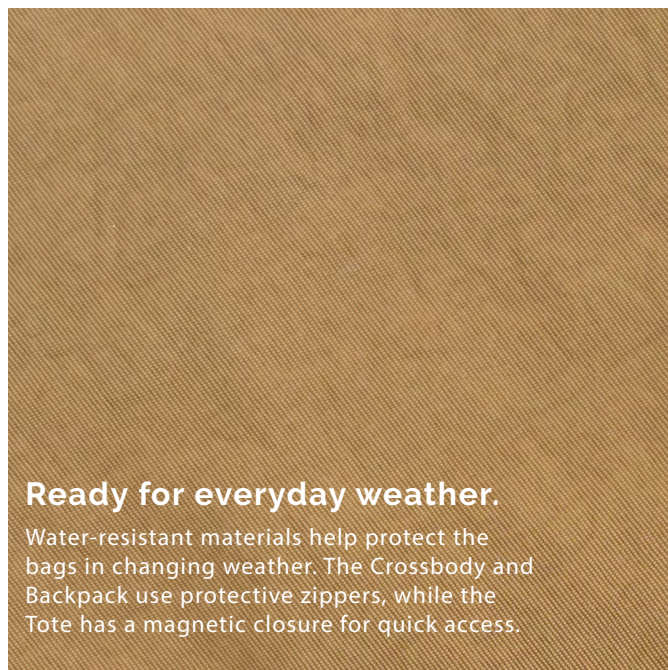

Easy on, easy off.

The new hook system makes it simple to attach or remove the bag with one hand. The hooks can remain on the bag or rollator, or be removed completely.

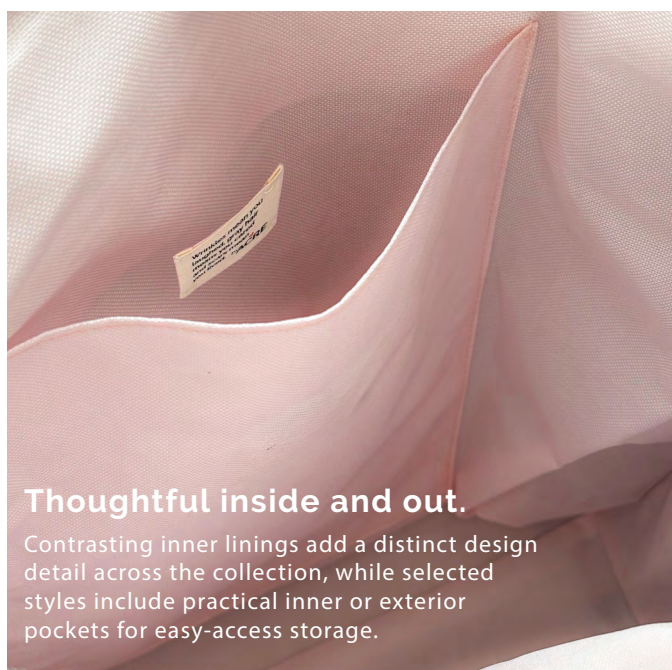

A bag first. Rollator-ready by design.

Created to be chosen for its look, feel, and versatility first – with rollator compatibility seamlessly built into the design.

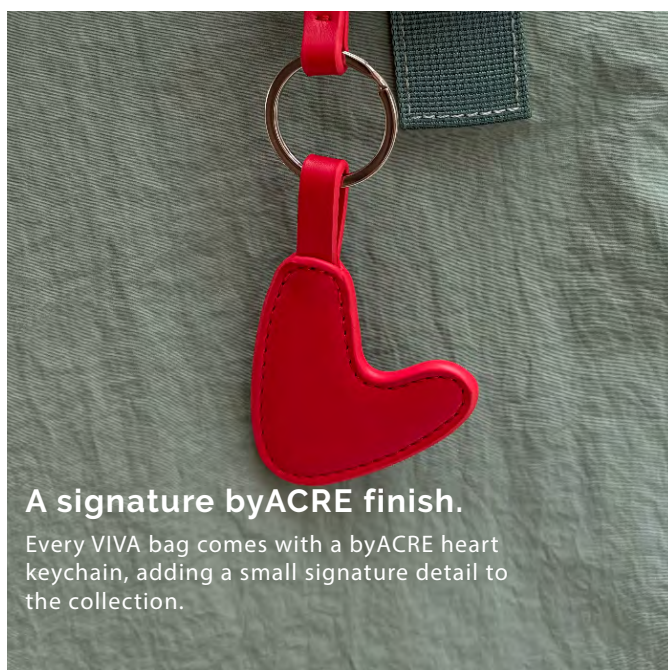

Ready for everyday weather.

Water-resistant materials help protect the bags in changing weather. The Crossbody and Backpack use protective zippers, while the Tote has a magnetic closure for quick access.

Thoughtful inside and out.

Contrasting inner linings add a distinct design detail across the collection, while selected styles include practical inner or exterior pockets for easy-access storage.

A signature byACRE finish.

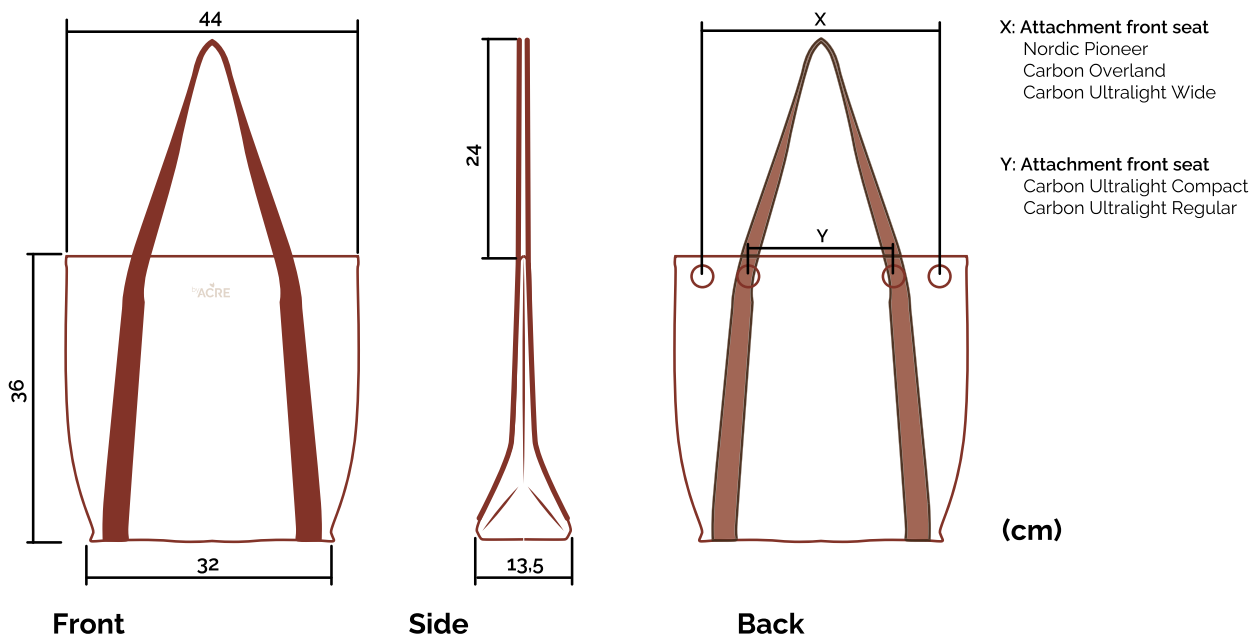

Every VIVA bag comes with a byACRE heart keychain, adding a small signature detail to the collection.

THE VIVA COLLECTION

VIVA Tote Bag

A spacious everyday tote with room for essentials, extra layers, and a few groceries. Made for errands, shopping, and days when a little more carrying space comes in handy.
